Rodyk & Davidson is a leading Singapore law firm with offices in Singapore and Shanghai.

Rodyk & Davidson traces its early beginnings to the partnership of Woods & Davidson founded by Robert Carr Woods and James Guthrie Davidson in 1861 and is now the oldest surviving partnership in legal practice in Singapore. Bernard Rodyk joined James Guthrie Davidson in 1877. Rodyk's Shanghai office was established in 1997.

Rodyk represents a diverse clientele in a broad spectrum of industries and businesses, providing comprehensive representation across all major areas of the law and leveraging regional offices and international networks for global representation. We advise clients in a broad range of sectors, including financial services, insurance, healthcare, manufacturing, information technology, telecommunications, media, aviation, shipping, energy, infrastructure, construction and engineering, property development, hospitality, entertainment and lifestyle.

Our clients include financial institutions, international corporations, listed and non-listed corporations, government-linked companies, governments, statutory boards, co-operatives and small and medium enterprises, and high net-worth individuals.

We maintain strong working relationships with key public sector agencies and leading organisations in the private sector. This level of access combined with our expertise and real-world commercial sensibilities allows us to continue providing clients with strategic, practical solutions whether in complex transactions, the protection of their IP rights or high-stakes litigation.

Our team of more than 120 lawyers is grouped into five core practice groups:

- Corporate & Commercial
- Finance
- Intellectual Property & Technology
- Litigation & Arbitration
- Real Estate

Specialist groups such as our China Practice draw expertise from across the firm to serve clients effectively, operating from our offices in Singapore and Shanghai. Rodyk has an active regional practice and we advise clients on their projects across Asia, from China to India. We are particularly experienced in infrastructure project finance, restructuring, banking, and investment transactions in countries such as Indonesia, Vietnam, Cambodia and India.
